[1]The round table '[New products for the circular economy and the climate emergency](#) [2]', held on Wednesday, March 24 in face-to-face and online format, put an end to the fourth cycle of '[Solutions to the climate emergency: circular economy experiences](#) [3]'. Organized by Palau Macaya de La Caixa and under the scientific direction of ERF, the 2020-2021 edition of the cycle has addressed the circular economy in the world of fashion, cosmetics and hygiene, and packaging.

The round table was moderated by Ivan Capdevila, ERF director, and counted with the presence of Marta Subirà, secretary of Environment and Sustainability of the Generalitat de Catalunya. The four invited speakers were:

- Carolina Blázquez, head of Innovation and sustainability at ECOALF.
- Elisabet Jordán, CEO of Careli.
- Ruth Margalef, CEO of Biogründl.
- Josep Ribas, director of Climate Change at Familia Torres.

All the materials of the cycle 'Solutions to the climate emergency: circular economy experiences' are available in the [repository](#) [4].
