ERF Energia & Sostenibilitat (Energy & Sustainability), new corporate name of the company

02/02/2023

In 2022, ERF increased its activity more than 20%, as a result of 29 years of good practice in environmental and energy consulting.

Now, the company has a new corporate name, to reinforce its role in the field of energy transition, climate neutrality and sustainability: ERF Energia & Sostenibilitat (Energy & Sustainability).

A professional team of 16 people with expertise in engineering, environmental sciences, architecture and biology, among other, continue willing to offer the best environmental, energy and sustainability consultancy.

All this has been possible thanks to the continued trust placed by public and private clients throughout the almost 30 years of the company's history, which have made the growth and consolidation of the company possible.
